

S. No.	Question	Choice 1	Choice 2	Choice 3	Choice 4	Correct Choice
1	Which of the following is the limitation of the algorithm?	Efficiency	Data dependency	Flexibility	Accuracy	2
2	Which of the following language is used for faster computation and operations in the algorithmic model?	Java	Structured Query Language	Python	Visual Basic	1
3	What does the given image signify? 	Model evaluation benefits	Model evaluation metrics	Model evaluation process	Model evaluation limitations	2
4	Which of the following is the limitation of the autonomous system?	Increased productivity	Improved accuracy and quality	Initial high implementation costs	Enhanced efficiency	3
5	Identify the challenge in parallel programming in which some data will be stored in memory that is closer to a particular process.	Concurrency	Data distribution	Communication	Load balancing	2
6	Which of the following tool is used to detect syntax errors?	Code testing tool	Code formatting tool	Code analysis tool	Code documentation tool	3
7	Which of the following is the correct way to optimize the usage of electricity at the workplace?	Use inefficient air conditioning	Avoid installing solar panels	Use the power saving mode and turn off unused devices	Enhance the number of devices	3
8	Which of the following is the correct way to improve internal communication at the workplace?	Prioritize team-building exercises	Discourage idea sharing and collaboration	Establish irregular communication channels	Limit cross-departmental communication	1
9	Identify the correct sequence of steps for optimizing code performance. 1. Apply the 80/20 rule 2. Use built-in or standard libraries 3. Choose the right data structures and algorithms 4. Follow coding best practices 5. Identify the bottlenecks	5 > 1 > 3 > 2 > 4	3 > 5 > 1 > 4 > 2	1 > 4 > 5 > 2 > 3	2 > 5 > 4 > 3 > 1	1
10	Why do you need approval for the optimized code?	To ensure that everyone involved is on the different page	To spend time and resources in the long run	To enhance the risk of errors going unnoticed	To ensure that the final model meets the necessary standards	4
11	You notice that a lot of e-waste has been deposited in your cabin, and you want to dispose of it. Which colour wastebasket will you use in such a scenario?	Purple	Green	Blue	Black	4
12	Read the comprehension and answer the question below:	By considering current candidates	By limiting passive candidates	By building talent pipeline	By avoiding candidate referrals	3
13	Which of the following is a 'Do's' for interview etiquette?	Interrupt the interviewer	Dress professionally	Negative body language	Answer vague questions	2
14	Which among the following should be your moral responsibility to fulfill the constitutional values as an entrepreneur?	To make sure that human resources are utilized maximum	To develop the business with minimal damage to the environment	To make sure that the margin of profit earned is always minimum	To spend excessively on indirect costs at various levels	2
15	Which of the following is the most appropriate sentence to write in the body of an email declining an event invitation?	I regret to inform you that I will not be able to attend.	I am unable to attend as I have other plans.	I can't attend, I have other work to do.	I'm out.	1
